PRODUCT SPECIFICATIONS SHEET

ABS Lipase 100,000 (Feed Grade from Fungal Origin)

Description: Lipase 100,000 is a specially formulated lipase which is produced for use in enhancement of solubilization and digestion of waste fats in industrial and agricultural applications. Animal fats and vegetable oils are composed of glycerol esters (or triglycerides). Lipases catalyze the breakdown of triglycerides into more water-soluble forms: glycerol and fatty acid components. Lipase 100,000 has a broad range of activity and action patterns suitable for use in all types of saturated and unsaturated animal and vegetable fats and oils. Included in this group of substances are: soy oil, canola oil, linseed oil, coconut oil, palm oil, beef fat, olive oil, and lard.

Storage Conditions: For optimal activity store in cool dry place under 110°F. Standard shelf life under these conditions is 2 years.

Danger: May cause allergy or asthma or breathing difficulties if inhaled. Avoid breathing dust/fume/gas/mist/vapors/spray. In case of inadequate ventilation, wear respiratory protection. Consult safety data sheet before handling and storing this product.

Package Sizes: Product is double bagged in double walled 12x12x15 boxes containing 50lbs./25Kg
