PRODUCT SPECIFICATIONS SHEET

Maintain® Hard Surface Cleaner

Maintain® HSC is a bacterial enzyme blend available as a stabilized liquid concentrate. The product is designed specifically to be formulated as a hard surface cleaner either in a mop bucket for floor application or to be diluted for general industrial cleaning.

Functions & Benefits: This product is designed as a hard surface cleaner readily available for super industrial cleaning such as in a mop bucket or can easily be diluted for general purpose cleaning.

Storage Conditions: For optimal activity store in cool dry place under 90°F. Standard shelf life under these conditions is 1 year.

Precautionary Statement: Do not breathe vapors. Do not get on skin or clothing. Avoid contact with skin, eyes and clothing. Use with adequate ventilation. Keep container closed and sealed until ready for use. Wash hands thoroughly after handling. Do not ingest.

Package Sizes: 5 gallon pails and 55 gallon drums
