PRODUCT SPECIFICATIONS SHEET

Maintain® Drain and Odor Control RTU

Description: Maintain® DOC RTU is an opacified ready to use liquid with an odor neutralizing fragrance along with specially selected bacteria and enzymes that include protease, amylase and lipase that target organic waste streams. It contains a synergistic blend of microorganisms and free enzymes combined together to consume a variety of organic debris including urine, trap & drain grease, garbage residues, septic waste and other similar odor causing debris. It can aid in the free flow drain lines by reducing organic build-up in pipes. Excellent for commercial kitchen drains with grease traps and other food processing operations.

Storage Conditions: For optimal activity store in cool dry place under 90°F. Standard shelf life under these conditions is 1 year.

Precautionary Statement: Do not breathe vapors. Do not get on skin or clothing. Avoid contact with skin, eyes and clothing. Use with adequate ventilation. Keep container closed and sealed until ready for use. Wash hands thoroughly after handling. Do not ingest.

Package Sizes: 5 gallon pails and 55 gallon drums

MADE IN USA
